Experience

Software Developer

Unipolar Technologies Pvt . Ltd (Aug 23 - Present)

- Collaborated with cross-functional teams to analyze requirements, define project scopes, and deliver high-quality software solutions within established timelines.
- Utilized Vite as a build tool to enhance the performance and development workflow of React applications, optimizing build times and module loading.
- Developed RESTful APIs with Express.js, ensuring smooth communication between the front-end and back-end components of the applications.
- Implemented and maintained a MySQL database for effective data storage, retrieval, and management within the applications.
- Deployed applications using Plesk , FileZilla , Vercel and Putty

Software Developer Intern

Unipolar Technologies Pvt . Ltd (Feb 23 - July 23)

- Collaborated with the development team to design and implement new features and functionalities within the MERN stack.
- Contributed to the creation of responsive user interfaces using React.js, enhancing the overall user experience.
- Participated in the development of RESTful APIs using Express.js, facilitating efficient data communication between the front-end and back-end components.
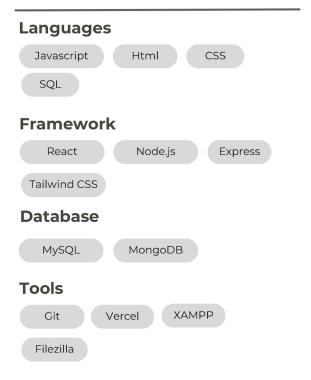

Projects

POS System

- Developed a modern Point of Sale (POS) system frontend using Vite + React, combining the efficiency of Vite's build tool and the flexibility of React for dynamic user interfaces.

BisCard

- Developed BISCARD, an NFC business card platform, using Vite + React and Tailwind for frontend design, MySQL for database management, and Express.js for dynamic QR linking, streamlining multiple profile handling.

Skills

Languages

Javascript   Html   CSS   SQL

Framework

React   Node.js   Express   Tailwind CSS

Database

MySQL   MongoDB

Tools

Git   Vercel   XAMPP   Filezilla

Education

Masters in Computer Applications

NCRD Sterling Institute of Mangement Studies

📅 Aug 2021 - July 2023

BSC in Information Technology

Seth Hirachand Mutha College of Science , Arts &Commerce

📅 June 2017 - Mar 2020
